WHEREAS, pursuant to that Asset Purchase Agreement dated as of October 14, 2003, Assignee is acquiring the entire business or portion thereof to which the Patent Rights pertain; and

WHEREAS, Assignee is desirous of acquiring the entire and exclusive right, title, and interest in and to the Patent Rights and the underlying inventions descried therein, in the United States and throughout the world; and

WHEREAS, Assignor is willing to assign to Assignee all rights, title, and interest in and to the Patent Rights in the United States and throughout the world

NOW, THEREFORE, for good and valuable consideration, the sufficiency of which is hereby acknowledged by Assignor, the parties hereby agree as follows:

1. Assignor hereby assigns, sells, transfers, conveys and sets over to Assignee, its successors and assigns, forever, all of Assignor's right, title, and interest throughout the world and for the full term thereof in and to

(a) the Patent Rights and any other patents and applications claiming priority thereon,

(b) the underlying inventions described in the Patent Rights and all existing improvements thereon and the rights of priority relating thereto,

(c) all rights to any patents that may be granted or issued from the patent applications set forth in Schedule A hereto, including without limitation any extensions, continuations, divisions, reissues, substitutions, reexaminations, and renewals thereof, or other equivalents thereof, and further, and

(d) all other rights, powers and privileges of whatsoever nature, kind or description pertaining to or arising from the Patent Rights including, without limitation, the right to sue or bring other actions and recover for past, present, and future infringement thereof, for Assignee to have, hold, exercise and enjoy in as ample and beneficial a manner as each Assignor might or could have held and enjoyed the same if this assignment had not been made.

3. Assignor further agrees that Assignor will, without charge to Assignee for routine expenses, such as postage and execution of documents: (a) cooperate with Assignee in the prosecution of patent applications (whether U.S. or foreign) on the inventions and any improvements; (b) execute, verify, acknowledge, and deliver all such further papers, including patent applications, inventor assignments, powers of attorney and instruments of transfer; and (c) perform such other acts and deeds as Assignee lawfully may request to obtain, maintain, defend, or enforce the rights assigned above in any and all countries, and to vest title thereto in Assignee or Assignee's successors and assigns.

4. Assignor hereby irrevocably authorizes and requests the United States Commissioner and/or Director of Patents and Trademarks and, as appropriate, those corresponding officials in the several states and countries throughout the world, and any other agency or authority having jurisdiction in these matters to record Assignee as the owner of and/or to issue in accordance with this Agreement, the patents and patent applications which are assigned to Assignee by this Agreement, and hereby irrevocably consents to the filing and recordation of this Agreement with the United States Commissioner and/or Director of Patents and Trademarks and with such other officials, agencies, and authorities.
